Achievement Tests!

The first round of **Provincial Achievement Tests**, were written May 17 and 18, grade 3 and 6 students have completed their LA Part A Provincial Achievement tests. **The second round will be written June 14 – 17.**

We encourage these students to make every effort to be at school for these tests and do their best! For extra practice the students may go online to https://questaplus.alberta.ca/index.html

4H Wrap-up!

As our year end draws near, so too our 4H Club must finish up. Achievement Day for our club is the last day of school – June 24. That's the day of our year end assembly and celebration. Activities include a yearend assembly (with awards), a barbeque lunch, fun games and activities and of course the Achievement Day displays of projects done by 4H members.

Each 4H member needs to have completed module projects in: Environmental Farm Plan, Field Crop Display, Nest Boxes, Computers. These short projects must be complete for students to get credited for their 4H year. Students also need to complete their Exploring 4H Record Book. They have worked on these items at school ***but may need encouragement and help from home to ensure completion!***

Please check with your grade 5-8 students to see how they're coming along. Call Mr. Mumert or Ms. Fowler at the school for more information.

Blue Lake Trip!

Just a note and a reminder:

Participating grade 5/6 students will be leaving June 21 from the school to travel to Blue Lake, Alberta for a outdoor/survival/leadership retreat.

Information about the trip along with a waiver from Blue Lake center and consent forms for the school are going home this week.

Students must have both the waiver and the consent form signed and returned to the school this week. (It would be helpful for the school if parents would also call to let us know if students will not be participating). Thanks to everyone for helping out with this. Please contact the school if you need additional information.

Need Math Help??

Mrs. Flint will be available to offer students extra help with Math on Tuesdays and Wednesdays at lunch. This would be a great opportunity for some one-on-one instruction and help to get those corrections caught up and complete.
